Conference Sponsorship

About the conference

Dementias Platform UK's 2025 Translation conference will showcase the latest research in the quest for new disease-modifying treatments for dementia.

Sponsorship opportunity

Held on **13-14 March at The Congress Centre in central London**, the conference will bring together **250 leading figures** from academia, industry, government & third sector.

Leaders in the field will discuss accelerating translation in dementia research and explore how developments in biomarkers, big data and trials delivery are bringing breakthroughs ever closer.
